

Luggage and Medication check in procedure

Luggage will be checked in immediately following Saturday morning's rehearsal for both students and chaperones. You only need to bring your suitcase at this time. The blue duffle bag and backpack will be brought with you Sunday night.

Luggage will be checked in by bus, in the orchestra room. We need the students to be present when checking in the luggage, as many of the chaperones do not know the kids in their group. This will allow them to meet their group ahead of time.

Please be patient as we will check in the luggage and put a color coded tag on the suitcase. There will be a holding area for each bus and the bags will be stored in that area. Once you have checked in your suitcase, proceed to the medication check in area if you have medications to check in.

A few things to keep in mind:

- * One suitcase, 24 inches or smaller
- * Know your bus number
- * Bring your bag check form signed by parent and student
